Catalogues Available by Mail Order

Listed below are the main companies for which we provide a mail order service. This list is growing rapidly and so if you know of a stamp or item that is not listed please give us the details and we can probably get it for you.

We can supply most of the items listed in the catalogues – just ask for details.

The prices quoted for the catalogues include postage and packing. As they can be quite heavy this does add to the cost. There is no way round this, however we always include a voucher for **free P&P** off your next order with every catalogue that we dispatch. Please note that the cost of catalogues does not count towards your loyalty card.

Rubber Stamps

We stock stamps from around 20 different manufacturers, some British, some American. Each has its own catalogue with 100's of different designs available and a variety of prices. We give a brief description of each catalogue for you to choose your own niche.

For those new to stamping, every stamp has a code for the price (usually a letter) and for the design (usually a number). When ordering please quote the company name, stamp code, description, quantity and price as your order may be delayed during busy periods if information is missing.

Accessories

Many of the individual companies offer their own range of accessories which are constantly being added to as new and exciting ideas come forward. Details of these are too numerous to mention here but please just phone for information. You can enter any accessory orders on the form just as for the rubber stamps. I carry many of the popular items in stock and can get any others for you. If you are unsure of the prices just give me a ring. I try to keep regular customers informed of new products by way of flyers – please let me know if there are any particular areas that interest you.

Regular Customers

Regular customers deserve to be treated well and so I run a loyalty scheme. Once you have spent £120 (and it's easier than you think) you will receive a voucher for £12 towards any item sold by horseshoe Crafts (sorry no change is given on vouchers). Please note that only items bought in the shop count towards the loyalty card – ***not mail order items***.

*Catalogues and course fees do not count towards the loyalty scheme.

Workshops

I hold regular workshops covering all the basic techniques and demonstrating any new ideas as they come along. Places are limited to 6 so please book early to avoid disappointment. If you would like to be included on the mailing list for classes please tick the box on the order form or give me a ring.

Postal Stampers Club

We run a very successful postal club suitable for all levels of stampers. For an annual fee of £25 you will receive, each month, a news-letter full of all the latest information, top tips, a stamp swap shop, pen pals spot and more. A special offer sheet of discounted stamps along with a project sheet with at least six card ideas featured. In addition a second project sheet is included with more card ideas or details of a new technique. You will also have the chance to enter quarterly competitions and an annual raffle. Plus with your first newsletter you'll be sent a free gift worth ~ £10 and a membership card that gives you 10% of all purchases at any of the shows that we do.

Advice

All our staff are keen stampers and we'll be glad to help out if we can.

Ordering

You'll find an order form at the back of this catalogue. Please photocopy it if you require more space. This form is also available on the website for you to print off and post back to me (or email). *Now available !* Order on line – just go to www.horseshoecrafts.co.uk

I accept visa and master cards and switch payments. Alternatively please enclose a cheque or postal order with your order made payable to **HORSESHOE CRAFTS**.

All orders for in stock items are dispatched as soon as payment is received and so should be with you within a week. Any items not in stock will be placed on back order and will be sent on as soon as they are in stock (please note that there is no further P&P charged for this).

I order stock on a regular basis and so the delay on back orders is kept to a minimum, although stock from America can sometimes take a couple of weeks.

Please remember to keep a copy of your order for your own reference.
